

# Jade N95 Particulate Respirator (Non-Surgical)

## TECHNICAL DATA SHEET

**Intended use for Jade N95 Particulate Respirator:** Can be used in any occupational setting where an N95 respirator is appropriate including medical use (non-surgical), to help maintain a sterile field. Reduces wearer's exposure to certain airborne particles (all non-oil aerosols) and provides a barrier to splashes, droplets and sprays. Helps to protect from exposure to biohazards including viruses and bacteria when used and fit properly. NIOSH Classification: N95 (NIOSH CDC #84A-8109). FDA Registration: 3010374972.

Characteristic	Specification		
Material Composition	Mask body	Outer Layer	Spun bonded fabric
		Inner Layers	Meltblown fabric
		Inner Layer	Needle bonded fabric

Dimension	Body Size	Length	131 mm
		Width	115 mm
		Height	50mm
	Nose Clip	Length	90mm
	Headbands	Upper	300 mm
		Lower	280 mm

### Additional Information

Storage Condition	Country of Origin
Store under cool, clean, and dry conditions. Avoid excessive heat (over 40°C or 104°F)	China

Manufactured By	QC Managed by Jade
Due to extremely high volumes Jade is working with several certified suppliers to meet demand.	Your packaging, shipping and quality paperwork will all reference the correct manufacturer

NOTE: Full respiratory protection is only in effect when this N95 mask is worn and fitted properly to the wearer's face. Beards or other facial hair may inhibit proper contact between the face and end of the respirator and affect protection. This N95 mask filters with  $\geq 95\%$  efficiency against particulate aerosols free of oil. Misuse of product in a hazardous environment may result in sickness or death. Follow instructions carefully.
